STEP INTO TIMELESS STYLE

Nothing compares to the classic beauty and permanence of granite steps and treads. Harsh elements are no match for their durability; they won't degrade and will outperform wood, brick and concrete over the years. Elevate the look of any entrance and greet your guests in style.

STEPS

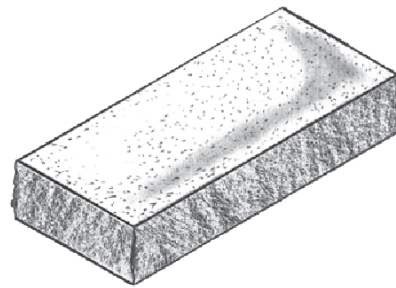

STEP STYLES

Cut from **WOODBURY GRAY™** granite, the steps at Swenson Granite Works offer a wide variety of styles to choose from, all with a lifetime of maintenance-free enjoyment.

All retail locations carry an extensive supply in a wide assortment of stock sizes to fit most applications. Steps can be produced to any specifications. Stock steps are 7" thickness. Other thicknesses and colors are available upon request.

INSTALLING STEPS

Swenson Granite Works personnel deliver and install steps using a 27,000 pound truck (unloaded) with a bed-mounted crane that can reach approximately 20 feet from the back of the truck. Due to the weight, the truck cannot drive over septic systems, leach fields, irrigation systems, finished walkways or newly-seeded lawns.

The base must be prepared prior to the arrival of the delivery truck. Swenson Granite Works' printable pad prep guides will help you with each step of the way.

TREADS

TREAD STYLES

Granite treads are cut from **WOODBURY GRAY™** granite or **CALEDONIA™** granite, thermal top and split face edges, sawn bottom. Stone treads are cut from Indiana Limestone, bluestone, or brown wave.

These are perfect for adding the finishing touch to your stone or brick steps.
